I am a creative and detail-oriented graphic designer with professional experience supporting technology, education, marketing and digital-business brands. My work focuses on turning ideas and business objectives into clear, engaging visual communication.

My design experience includes social media creatives, promotional flyers, banners, branding materials, presentations, company profiles, photo editing and campaign visuals. I am comfortable working from a brief, developing a concept, receiving feedback and delivering polished final artwork.

Professional focus

Brand consistency • Visual storytelling • Typography • Layout • Marketing communication • Digital and print-ready design

Branding

Brand identity, logo applications, stationery and visual consistency

Social Media

Campaign graphics, educational content, promotional posts and platform creatives

Marketing Design

Flyers, posters, advertisements, banners and promotional materials

Presentations

Company profiles, business presentations and information design

Image Editing

Image enhancement, retouching, composition and visual cleanup

Digital Design

Creative layouts, basic UI/UX awareness and digital communication assets

Design tools
